

Certificate of Analysis			
Product Name : L – Selenomethionine			
Product code	LSM	Date of Manufacture	Apr - 2025
Batch No.	IG/LSM/25045	Retested date	Feb - 2029
Batch Size	NA	Page No.	2 of 2

Microbiology Profile		
Parameter	Limits	Result
Total plate count	Not more than 5000cfu/g	350 cfu/g
Yeast and mould	Not more than 100cfu/g	< 18 cfu/g
<i>Escherichia coli</i>	Negative/10g	Absent
<i>Salmonella</i>	Negative/10g	Absent
<i>Staphylococcus aureus</i>	Negative/10g	Absent
<i>Enterobacteriaceae</i>	Negative/10g	Absent

Additional Information	
Sanitizing Treatment	Non-irradiated and not treated with ETO
Genetic Modification Status	GMO Free
Country of Origin	India
Storage Condition	Store in a cool and dry place, away from heat and moisture

Remarks: This product complies with all parameters as per the reference specification.

Specification	Tested By	Report prepared By	Approved By
